

## WEEKLY ROUNDABOUT.

CLAUDE BUCKLEY.

GEO. A. LEWIS.

**BUCKLEY & LEWIS,**  
Editors and Publishers.

FRANKFORT, MAY 22, 1880.

Royal Templars next Thursday night.

Mr. John L. Ziegler sent to our office, on Thursday, a sturgeon fish that was caught at the lock one day this week by Mr. Willis Rossen. It is a stranger in these waters and almost wholly unknown to a majority of the people hereabouts. It measured eighteen inches in length and seven inches in circumference.

The meetings at the Christian Church during the present week have developed a wide and deep interest. The congregations have been large, attentive and impressive, and fifteen persons have been added to the church. The continuance of the meetings the coming week is probable. Mr. Darsie occupies his pulpit as usual, to-morrow morning and night.
